FBFN Foundation Scholarship Process

In the fall, high school seniors contemplate their career path. Will they seek higher education or not? If they pursue higher education, where will they get funding?

Fort Bend County and Wharton County High Schools hold College Fairs each fall to provide students and parents with information on higher education options and financial possibilities. The Fairs are staffed by colleges throughout the United States, armed services, trade schools and financial assistance organizations, including FBFN.

FBFN Foundation Scholarship Process

- High School College Fairs. FBFN Members attend high school college Fairs promoting our scholarship program.
- FBFN October Foundation Fundraiser and Auction Luncheon. Proceeds from this luncheon fund the FBFN Scholarship Program. The Auction items, Gift Certificates, and Wine are donated by FBFN Members and local businesses.
- FBFN Foundation Scholarship Application. Online application is available at fbfnfoundation.org. Scholarship Applications open online January 1, 2027, and close March 15, 2027.
- FBFN Foundation Scholarship Committee. FBFN Members on the Scholarship Committee meet in late March 2027 to review applications and determine Scholarship Awardees.
- The FBFN Scholarship Awards. Students receiving a Scholarship are presented with their award during school award assemblies.

If you would like to volunteer in any segment of the FBFN Scholarship Process, please contact Jeanette Hoffman at hoffmann_jeanette@att.net.

To the FBFN Members volunteering with the October Foundation Fundraiser and Luncheon on October 15, I extend a sincere Thank You for your support. To the many FBFN Members and businesses donating auction items, Thank You. It is your dedication that funds the FBFN Scholarships awarded each year to deserving students so they may realize their academic dreams.

Diane Todd
FBFN Foundation, President 2025 - 2027

Advertiser Questions

What's something your customer usually gets wrong about your business? The biggest misconception is that insurance is all about price, when the right coverage – and having an experienced agent who knows you and advocates for you – can make all the difference when you actually need it. **What keeps you motivated to sell, or provide your products?** Knowing that we're helping people protect what they've worked hard to build – and being there for them when they need us most – is what keeps me motivated every day.

MARSHA'S
BAKERY & CAFE

GOOD FOOD, GOOD GIFTS, GOOD CAUSE

Our luncheon this month brings opportunities to prepare for your holiday entertaining. One of Marsha's Bakery and Café specialties is our certificate area of the auction. Our donors agree to prepare a meal, or an entrée or a special dessert, that will be prepared for the buyer, at a future date. Certificates could also be for an entertainment trio of appetizers that will help make a hostess' work lighter or a meal that could be delivered to family that just had a baby or to someone having surgery. Think of a time when a meal or dessert would have been a blessing to your family and make plans to bid on one of our certificates. You will also find an array of sweet and savory treats that you can use for hostess gifts and holiday entertaining, or for a sweet indulgence for yourself. There are trays of homemade candy, cookies, flavored nuts, and more, to tempt your sweet tooth. Remember, the funds raised through the sweet and savory treats and certificates you bid on; all help our Fort Bend County students attend a higher level of education here in our area.

GARDEN FRIENDS

Compost - Add to your pile or create one. Clean out all the dead stuff from your garden and flower beds. Leaves are already falling -- add them, too.

Plant trees, shrubs, rose bushes and perennials. Planting now will ensure better survival next spring/summer and earlier growth and blooms.

Plant fall and winter color - pansies, dianthus, snapdragons, alyssum, ornamental kale and cabbage, dusty miller, etc. Plant in beds you cleaned out (from #1), or in pots on deck or porch.

Replace dead grass with St. Augustine sod. Weeds will sprout in dead patches if you don't. New sod will be well-established by spring. Winterize the lawn that you still have left. An organic, slow-release fertilizer is just what the grass needs to get ready for cold weather.

Be sure to have **nectar feeders** or nectar plants for migrating hummingbirds and butterflies.

Plant fall veggies and herbs - Broccoli, cauliflower, Brussels sprouts, lettuce, cabbage, peas, dill, cilantro, parsley, Swiss chard, mustard greens, etc.

Plant bulbs by the Holidays. Between Halloween and Thanksgiving: Crocus, anemones, freesia, ranunculus, alliums, lycoris, etc. Plant paperwhites in pots by November 11th (Armistice Day) for blooming in time for Christmas. Refrigerate tulips until New Year's Day, then plant every two weeks through Valentine's Day for longer bloom time.

Plant wildflower seeds through November - bluebonnets, paintbrush, larkspur, etc. Also plant sweet pea seeds in November for better results in spring.

Move and divide perennials and roses while they are dormant or growing slowly. They will be ready to burst into bloom in spring.

Mulch, mulch, mulch -- the mulch you applied last spring is long gone! Protect roots and maintain moisture while keeping weeds to a minimum with a 3-inch layer of the mulch of your choice -- pine straw, bark mulch, compost, leaves.
