A Message from Your President

Hello again --

Ah, spring -- the greening of the trees, the scent of new blossoms ... the pollen on your car, the allergies ... But at least winter is FINALLY GONE!

This month's coffee was WONDERFUL. We met at the home of Jane Kress, and 44 people turned out, which was great. Great thanks to Jane, and to co-hosts Nancy Frank, Agnes Hurst, Cindy Kiester (via her daughter, Laura Haynes), Wanda Koenig.

The most important order of business at the meeting was announcement of the board-approved slate of officers for 2025-2026, as well as a president-elect for 2024-2025, who will be president in 2025-2026. Here are the nominees:

President-Elect 2024-2025 (President 2025-2026): Marilyn J Davis

President-Elect, 2025-2026 (President 2026-2027): Liz Ard

Secretary, 2025-2026: Diane Todd

3rd VP, Membership: Dvoshia Roscoe

The slate will be presented again at the April coffee and general meeting, where any member can vote the slate up or down. Plan to attend and have your voice heard.

Sadly, we will also lose Cindy Kiester as Treasurer, so we still have a position to fill for the upcoming year. We will miss Cindy - not only has she done a good job and kept the Executive Board on its toes, but by looking for credit cards with incentives, she earned us \$1300 in bonuses! She will be a hard act to follow. **If you're an accountant or bookkeeper and would like to be considered for the position, please let me or Sharon Harry know.** The same goes if you know of someone in FBFN with such a credential. Cindy has assured us that she will train the new treasurer and be available for assistance later on.

We're very excited by our incoming Executive Board and have great confidence in their ability to move the club forward. Be sure to attend the April meeting!

And celebrate those blossoms -- they mark new beginnings and hope for the future, things we all need.

October Foundation Fundraiser

Plans are underway for our October FBFN Foundation fundraiser! For those of you new to FBFN, Marsha's Bakery and Cafe is one of the sources of revenue for the scholarship fund.

At the October luncheon, the baked goods and certificates you have donated are auctioned to the luncheon guests.

As you can imagine, a lot of work goes into the planning and execution. We are always looking for more volunteers to help staff this event and are calling on you to help us raise scholarship funds for students in Fort Bend County.

You can help in many ways: By donating baked items, donating certificates to be used at future dates, or by joining our committee. Our committee meets only about 3 times a year as well as on the day of the event.

Most of the time involved is concentrated in the month prior to the event. This is a fun way to get connected and meet more people while doing what you love and helping others.

Feel free to contact me if you have any questions about our committee.

You will be seeing sign-up sheets showing up at activities in the next few months. You don't need to be specific yet as to what you might want to bring, or what certificate you would like to donate. We will contact you at a later date to get that information. Please consider how you may want to help.

If you are interested in joining our committee or need more information, please contact Gail Creel.

Garden Friends

April

Planting - Plant new shrubs early before the heat arrives. Plant summer blooming perennials and annuals.

Clean-up - Live oaks should be finished dropping their catkins and leaves. Rake and add them to compost or apply mulch over them.

Mulch - Mulch beds to discourage weeds, keep roots cool and conserve moisture.

Pruning - Prune spring blooming shrubs **after** flowers fade. Some examples are azaleas, wisteria, forsythia and quince. Pinch tips of coleus to avoid flowering and encourage bushier and compact growth. Remove spent blooms on spring annuals to promote new blooms.

Fertilizing - Fertilize azaleas, hibiscus, and containers.

Water - Maintain watering on newly planted seeds and transplants. Deep root watering on trees, lawns and shrubs is best. It encourages roots to move down into the soil where they will be less susceptible to moisture changes. Avoid frequent short periods of watering.

Pests - Keep an eye out for pests as well as beneficial insects in your vegetable garden. Pick off pests by hand. Check for snails and slugs early in the morning, when they are active.

Orchids - Move orchids outside and place them in shady spots. Repot if necessary.

Birds - Fill bird baths and keep water fresh.

Roses - Keep grafted roses well-watered, but make sure none of your water runs off into the sewers. (Fertilizers & other lawn chemicals are damaging our bayous & Galveston Bay).

Caladiums - Plant caladiums in slightly acidic soil with good drainage.
