## A Message from Your President

As we move into March, I see the promise of warmer weather and new beginnings! Maybe there will be new beginnings or a continuation of old ones for you, like making new friends, celebrating longtime friends, or trying something new in our club.

We were so excited to see so many of you celebrating Mardi Gras at our February luncheon. Everyone was so festive in their costumes, masks, or beads, and seemed to have a great time. Thank you, Olga Salazar-Rangel and your committee, for making this a luncheon to remember!

Be sure to come to our Coffee/Monthly Meeting on Thursday, March 21<sup>st</sup>. The Nominating Committee has been hard at work finding the best candidates for your new Executive Board whose duties will begin on June 1<sup>st</sup>. The Nominating Chairperson, Monica Lehrer, will present the Proposed Slate of Officers to the members at this meeting. We will ask for nominations from the floor. The elections will be held at the April Coffee.

Our Field Trip for March to the Hemi Hideout will be truly spectacular! Please read about it below in the newsletter and mark your calendar.

Also mark your calendar and hold the date of Friday, April 26<sup>th</sup>. We are planning a member picnic, celebrating all our members and friends. (There will not be a field trip that month due to the Picnic.)

May the "Luck of the Irish" be with you on St. Patrick's Day, March 17<sup>th</sup>, and the Easter Bunny hide many eggs for you to find on Easter, March 31<sup>st</sup>!

*"When the world is so complicated, the simple gift of friendship is within all of our hands."*

# Garden Friends

## March

**March is a very busy month in the garden!**

**Mow lawn to help eliminate weeds.** Keep weeds cut back to prevent flowering and re-seeding. Fill bare patches with St. Augustine sod. Apply lawn food after three mowings.

**Prune or plant roses.** Now is the time to begin applying rose food on a monthly basis.

**Plant tomatoes by the middle of the month for a spring harvest.** Plant peppers, okra, cucumbers, eggplant, climbing spinach and more. Use Cottonseed Meal or a liquid organic fertilizer like John's Recipe by Ladybug for an abundant and healthy harvest.

**Start seeds or set out plants for spring flowers and herbs.** Plant now and get established before heat sets in.

**Plant fruit trees, shade trees, and ornamental trees.** Be sure to apply mulch around the root zone to keep moist and avoid weeds. Make sure trees are watered regularly during first few years of growth, while tree is getting established. Use Super Thrive or Root Stimulator every few weeks for the first three months after planting.

**Plant shrubs such as roses and azaleas.** Use Super Thrive or Root Stimulator every two weeks for the first few months after planting. Begin applying rose food on a monthly basis.

**Feed Hibiscus, Bougainvillea, Plumeria, with Nutri Star.** This will help plants to put out new lush growth and plenty of blooms.

**Prune trees and shrubs while dormant.** Try not to butcher your crepe myrtles. Prune spring-flowering shrubs such as azaleas, spireas, and redbuds after they've bloomed. Feed with Nutri Star or Micro-life, once after they bloom and then again in June.

**Apply dormant oil to smother insects before they become a problem.** Apply to hollies, magnolias, and camellias for scale. Release Lady Bugs to control insects like aphids and whitefly.

**In mid-March, move houseplants outside into shade and repot if necessary.** Feed with Nutri Star or a liquid organic fertilizer like John's Recipe by Ladybug.

**Plant color annuals** such as marigolds, fuchsias, petunias, osteospermum, perilla, bachelor buttons, coleus, forget-me-nots, dusty millers, annual phlox, geraniums, impatiens, begonias and more!

**Plant Sun Perennials** such as Shasta daisy, rudbeckia, gaillardia, verbena, coreopsis, lantana, perennial salvias, bee balm, porterweed, mist flower, jatropha and skullcap.

**Plant colorful Shade Perennials** like firespike, shrimp plant, Persian shield, leopard plant, cat whiskers, ruellias, turk's cap, sweet potato vine, creeping jenny, and many more!

**Spread a fresh layer of mulch** around trees, shrubs, and beds to protect roots, retain moisture, and prevent weeds.

**Clean birdbaths and feeders.** Keep feeders full!! Birds are hungry.

**Put out hummingbird feeders.** To keep birds at your feeder, maintain a fresh nectar supply, and empty and wash the feeder each time you refill. Hummingbirds remember where they find a reliable food source—so if your yard is one of them, they'll often return year after year.

**March 25, 2024**  
*We will be going on a field trip.*

# FBFN Field Trip

## FBFN March 26<sup>th</sup> Field Trip Hemi Hideout

Ladies, I am so excited about our next Field Trip.

Seven miles west of the outskirts of Houston lies Texas' best kept secret, John Hovas' **Hemi Hideout**. The Hemi Hideout is the direct reflection of a life-long dream fulfilled by owner John. It all started at age 16, with his love for the Dodge & Plymouth muscle cars of the 1960's and early 70's. Today, the venue is filled with 24 of the most desirable Mopars on earth, Icons from the era of Rock 'n Roll. Over 600 vintage porcelain and neon signs, all from the days gone by, that date back as far as the early 1900's. Also featured in the venue are many pieces of memorabilia, antique tractors & motorcycles, all restored to their original factory glory. You need to check it all out on their website. <https://www.hemihideout.com/about/index.html>

I have been here for private nighttime events, and it was always amazing. Now they have opened it to the public for tours. Since I am not restricted by numbers, I am happy to announce you can bring your spouse or significant other. Ladies, don't think this is just a "guy" thing. There is something for everyone!

I have reservations on March 26<sup>th</sup> from 9:30 – 11:00 am. The cost is \$10 per person. After our visit to Hemi Hideout, we will travel to the Café at Brookwood for lunch.

Please **RSVP** to Gloria Mikulenska by **March 12th**.
